WORLD ENVIRONMENT DAY

World Environment Day (WED) is celebrated on the 5th of June every year since 1974, and is the United Nation's principal vehicle for encouraging awareness and action for the protection of our environment. WED has grown to become a global platform for public outreach, with participation from over 143 countries annually. It also serves as the 'People's Day' for proactive conservation of the environment, galvanizing individual actions into a collective power that generates an exponential positive impact on the planet. Each year, WED has a particular theme and the theme for 2019 is "Air Pollution".

As part of the World, it is our Christian stewardship to reconcile with the earth. The HKSKH Task Force for the Ministry of Environmental Conservation invites all faithful members in parishes and mission churches to pray and take appropriate actions for the world environment. A Prayer for World Environment Day is attached for use.

Prayer for World Environment Day

Heavenly Father, we thank you for giving us this beautiful land: we have sunshine, rain, and air to nourish the earth, sea and sky. For our greed, our excessive exploitation and consumption of resources, polluting the air you have given to us, we beg for your forgiveness. Give us hearts to cherish your creation, so that we can work together to protect the land. We also pray for all countries in the world that they may work together to formulate better environmental policies to improve our atmosphere so that we can again see the life-force provided to the world through the growth of nature, and in so doing find a closer relationship with you. In the name of our Lord, Jesus Christ. Amen.
